

# Share your desktop with Skype contacts Guide Get Help

## 1. Visit 800Meet.com

## 2. Click 'Skype' & 'Send' buttons.

## 3. Show your stuff

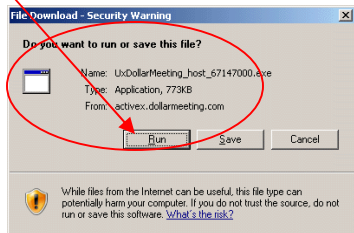

## 4. It's That Easy !

### Start Meeting Web-Page

Go to [800Meet.com](http://800Meet.com) and enter email address. Click on **"Start Meeting"** button (and wait 30-seconds):

(a). to [click through download-and-run software-as-a-service .exe-file,](#)

(b). to [auto-start meeting \(to share your desktop and to invite multiple attendees\),](#) and

(c). to create **"meeting-URL-link"**.

You can start your meeting NOW ! There is no subscription. All you need is (recommended) Internet Explorer and broadband Internet.

### Click "Skype" & "Send" buttons

Click **"Skype"** button on host-GUI to pop-up "Invite via Skype" dialog-box. Click check-boxes to select Skype contacts, and click **"Send"** button to send **meeting-URL-link**" (e.g. <http://ActiveX.DollarMeeting.com/ux/?id=7023262>) [to your Skype contacts to invite them to click meeting-URL-link](#) to join your meeting.

Leave only one presentation window (e.g. PowerPoint application) on your desktop: i.e. minimize Skype / I.M. windows and other non-presentation windows (to reduce clutter on your desktop, which makes it easier for your attendees to follow your meeting).

### Sharing Desktop

Present PowerPoint. (**Host**) [annotate](#). Share applications. Demonstrate new products. Collaborate. Use white board. (**Grant**) [client-remote-control](#). Play animations.

Use your Skype / I.M. audio and video for multipoint meeting.

With Dollar Meeting™, you don't need face-to-face meeting when attendees are not in one-room.
